NATIONAL FLAGS

NATIONAL FLAGS

We manufacture National Flags of all countries and states in the world. The flags are produced on 100% polyester fabric to ensure a long life for outdoor use.

The Flags can be made in two different kinds of forms:

Vertical National Flags

Vertical Flags are printed and confectionated so that the long side is hoisted on the flagpole and the short side flies freely. Because the flag is shorter, even the breeze flies the flag freely.

Horizontal National Flags

This is the classic form for National Flags. In this case the short side is hoisted on the flagpole. The size of the flag may vary with the size of the flagpole.

FLAGS

We have been making this flags more than 10years, whether they are made by digital printing or screen printing. And the most fabric we used for this flags are knitted polyester 110g and spun polyester 160g, they can be sewn in single side and double sides.

FLAGS

Advertising flags are a great way to promote your brand, from a simple flag with a logo on it to a complex double sided flag with your branding and marketing messages displayed, no job is too big or too small. They can be seen for miles and easily can catch eyes. Whether in portrait or landscape style, flags for poles with banner arms, banner flags or flags with customized outlines, whatever your need, we have the fit for it !

ACCESSORIES

National flags have symbolic importance and give international flair to conference, symposia and sporting or corporate events.

BUNTINGS WF004

The buntings are popular decorative and event-advertising media during sporting events, street festivals or company anniversaries. There are many ways to deploy them: through colored pennants, national flags or with customized graphics both indoors or outdoors. Also they can be used in restaurant, super market, shop or bars. The shape of the buntings can be rectangular or Triangular as standard, and different lengths and sizes are available.

CAR FLAGS WF005

Car flags printed with names or individual graphics are popular ways of decorating vehicles during wedding and family celebrations. We can also provide the car holder.

45 x 30

HAND FLAGS WF006

Hand flags are very popular ways to convey advertising and other message to the public. Their eye-catching appeal make them popular fan and marketing items during city festival, sporting and cultural events. This flags are made with sleeve and use wooden or plastic stick with or without yellow top.

STREET BANNERS WF007

Street banners are ideal for event advertising, promoting tourist attractions or corporate advertising in town and village centres. It can be one size, two sizes or three sizes. The rust-free and stable system can be fixed to all pylons and lampposts or walls. The print can be replaced at any time.

STREET

CUSHIONS WF009

Be comfortable wherever you go! Use customized Cushions to spread your messages. These convenient and decorative cushions have versatile applications: as cushion on chairs or benches, but also as cosy and practical floor cushions. Printed with logos, slogans or photos, cushions are a remarkable way to promote products or current offers.

BANNERS

BANNERS

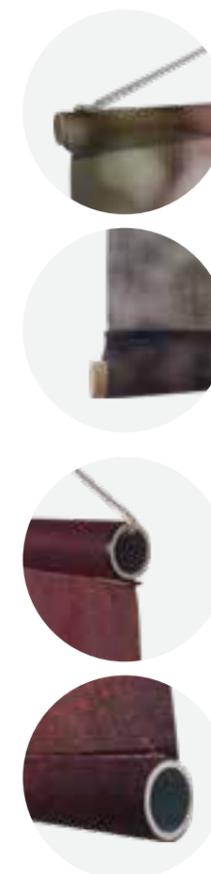

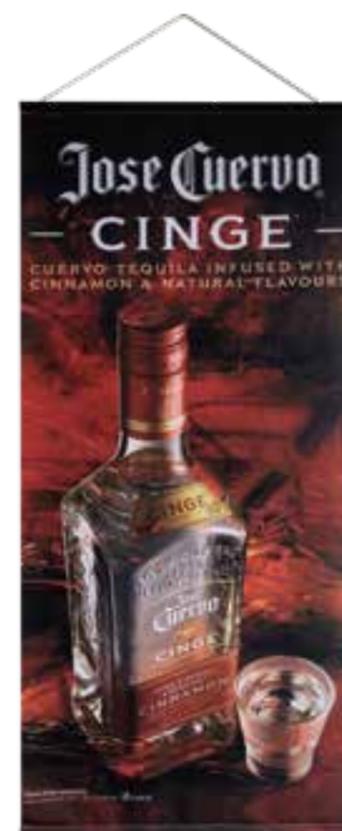

The banners are the best solution to show your products brand and company brand, we have indoor and outdoor banners for different kinds of places, and different use. We also make the large-format banners, this banners are highly effective and striking advertising tools for events, products and information. And they can be fixed to buildings, facades and fences, which can be used for creative interior concepts, trade fair stands, exhibitions and entire stage designs.

The indoor and outdoor banners are very popular, we are making whole year round, and the most fabric we used is 100% knitted polyester 110g, most banners are in digital printing.

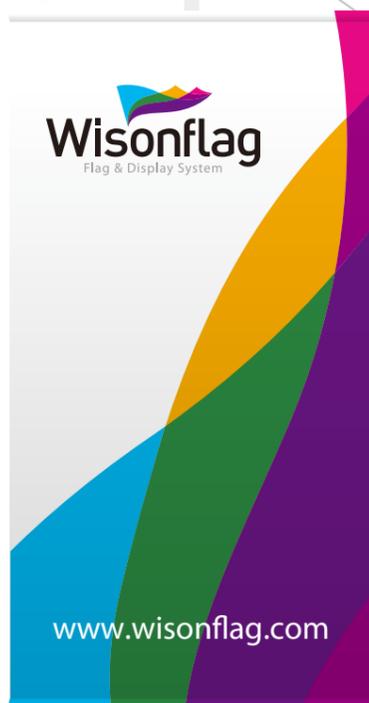

INDOOR BANNERS WF010

Indoor banners are the perfect way for you to showcase brands and messages simply and elegantly. They can be used as partitions, point-of-sale advertising or interior decoration.

The most common banner that we made is hanging banner, which made by wooden up and down-side with rope.

Digital printing allows the use of full colour photographic images to be used with all colours closely matched to Pantone colours.

OUTDOOR BANNERS WF011

Outdoor banners spread your message on fences, guard rails or bridge, over roads and paths. We can make various standard sizes, the dimensions can also be fully customized to meet your requirements. Also you can choose from a range of the fabrics, formats and options for finishing. The most two fabrics we used are 100%knitted polyester 110g and mesh polyester 120g, finished with rope or eyelets.

BEACHFLAGS

BEACHFLAGS

We are known as beach flags or feather flags, these have been developed with you the customer in mind. And also they are the perfect choice for cost-effective advertising, the lightweight system is swift and easy to put together in just a few steps.

There are many base options to choose from and a selection of shapes and sizes so your marketing message will certainly stand out from the crowd.

Wisomflag
Flag & Display System

Fabrics:

Knitted Polyester (110gsm) - Knitted Polyester is our standard flag material. Knitted polyester is used both internally and externally and can be printed mirror image. 90% of all flags produced in the UK are made from Knitted Polyester.

Fiber Glass+aluminum Pole Feather Flags

Due to its feather-like shape, the classic razor flag style is sometimes called a feather flag. This shape of the flag is most used and we are producing all year round. This collection of high impact, eye catching flags are ideal for promotions, events and festivals whether indoors or outdoors. And also they are the perfect choice for cost-effective advertising, the lightweight system is swift and easy to put together in just a few steps.

There are many options to choose from and a selection of shapes and sizes so your marketing message will certainly stand out from the crowd.

Hanging banners are the perfect solution to make your presence known at trade show. A range of aluminum profiles can be curved to individual specifications or combined to form three-dimensional Hanging display. Combining different shapes and illuminating them opens up new perspectives in the quest to convey your advertising messages at trade fairs, events or at the point of sale.

The textile prints stand out for the brilliance of their colors and pin-sharp details.

Customised radii and shapes can be implemented: Ceiling trims, curves, cylinders, cubes or cuboids-only the best, whatever the shape. Simply choose out of the range below or create a new shape according to your requirement.

SEZ TUBE BANNER STANDS SERIES

SEZ tube banner stand is the model of international design. It is the display of choice when you want to convey a supreme, chic image. Steel plate/feet and aluminum tube break down to a compact size for amazing portability.

Dye-sublimated, poly-stretch graphic provides an elegant back wall display. Weight is lighter than a standard pop-up display.

DISPLAY SYSTEM

COUNTER SERIES

Counter series use the pole support up and down panel, stretch fabric screen used to connect the upper and lower panels to form the front desk, the design is simple and compact, and can be used for exhibitions or shopping malls reception.
